

REMARKS:

The amendments presented here should cure all of the objections to the specification mentioned in the Office Action of July 27th. We also attach a new and corrected version of the Claims, which we also hope will cure the objection to them.

Other papers attached are the Abstract on a separate sheet and two sets of drawing figures of five sheets each. One set consists of annotated marked-up drawings, and the other consists of replacement sheets.

If there are still any corrections that must be made, we remain prepared to make them. Otherwise, we look forward to receiving a Notice of Allowance.

Thank you for your consideration.

Yours very sincerely,

A handwritten signature in black ink, appearing to read "David Peter Alan", followed by a horizontal line.

DAVID PETER ALAN, No.30,905

Annotated Marked-Up Drawing

~~ROTATION SUPPORT OF HEAT DISSIPATION FAN~~ Delete
SHEET 1/5
